3-4 hours

**Research Activity:**

What research will you carry out this week. This can include activities (e.g testing things out) as well as reading, questionnaires etc. Add links to any research this week.
I will test out the different buttons in Premiere Pro

**Evaluation:**

What did you achieve this week? What went well? What would you do differently? What will you need to think about for next week?
This week was difficult as I have never used Premiere Pro before, figuring out which buttons do what was not easy. At times I felt like I had it figured out but then something would go wrong. I think next week I will write down the processes that I am using so that I can follow them, hopefully not as much time will be wasted because of this.
