

Self Assessment Form (3/10/20)

| | |
|---------------|---------------|
| Student Name: | Scott Crowter |
|---------------|---------------|

Each week you should complete short notes or diary about your college work. It will help you plan what needs to happen next and reflect on your progress.

Guidance points:

What are the main things you planned to do this week? (this can include research)

What did you actually manage to get done?

What went well? What are you pleased with? What will you need to change or improve?

Who did you work with? How do you work together?

Overall summary - key points from the week, and what you need to do next.

This week my aim was to finalise my interviewees as well as my questions for them. For this I would also need to research interviews and the process behind them. This could have been done by watching them but also by reading them. Along with this I also wanted to introduce my project on my personal wix account so that viewers knew what my project was about and why I chose this.

I managed to get some things completed this week but everything started, with a few issues linking my research to where I wanted it to go because of computer issues.

I am pleased that I managed to find a range of interviews varying in gender so that I could see how both were approached and that I managed to find a way around my linking issue.

Next week I want to complete my research as well as my questions ready for the interviews.
